L16B

Product code: 106243

Working capacity 1215 m ² /h
Brush & Pad size 400 mm
Cleaning width 410 mm
Squeegee working width 450 mm
Brush pressure 20 kg
Power supply v/ Traction 12/ Semi-auto
Battery 12 v - 75 Ah C20.
Solution Tank 22 l
Recovery tank 20 l
Suction motor 12 v / 250 W
Dimensions mm L 745 x H 550 x W 382
Weight 70 kg

Where can you use it?

The Comac L16 B is suitable for cleaning areas that have many obstacles which are currently still cleaned using manual methods. This innovative compact auto scrubber comes standard with, Brush, Pad Holder and on board Charger.

The L16B is suitable for:

AUTOMOTIVE SECTOR

- Small showrooms of car repair shops,
- Car electricians.
- Tyre dealers,
- Machine shops,
- Car body shops, etc.

PUBLIC BODIES

- Offices,
- Schools,
- Libraries,
- Barracks, etc.

SERVICES

- Service stations/rest areas,
- Religious institutions,
- Shops,
- Sports facilities (swimming pools, gyms, locker rooms), etc.

TRADE

- Small Shopping Centres,
- Supermarkets,
- Delicatessen,
- Bakeries,
- Food shops, etc.

EASY TO USE

Thanks to extreme user-friendliness, no skilled personnel is required. No fatigue for the operator so that higher productivity is ensured.

ROBUST

Polyethylene tanks for longer life and corrosion resistance

PRODUCTIVITY

- 10% higher productivity compared to traditional scrubbing machines
- Considerably shorter time required to clean the same surface
- Excellent cleaning and sanitation results
- L16 B passes easily through traditional doors
- L16 B is more productive on bends!

Thanks to its small size, L16 B can very easily turn 360 degrees so to clean the turning area in just one pass...

... and effortlessly clean along walls and around corners too.

Water outflow from the centre of the brush
Excellent drying performance also thanks to water outflow from the centre of the brush which prevents splashes of water on the floor

L16B, ensures perfect drying even on bends, thanks to its parabolic squeegee swinging around the brush

Maintenance is easy and effort free.

That means machine efficiency is guaranteed over time!

Thanks to the simple structure of L16B, maintenance procedures do not require any tools.

USER FRIENDLY During ORDINARY maintenance procedures!
