

Single Disc Machines

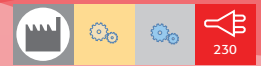

COMAC 43f/50-43/50plus

**Single disc machines with gear-box drive,
very effective in specific treatments.
With 43 and 50 cm working width**

CM43f/50-43f/50 Plus.

Suitable for thorough cleaning and specific treatments such as marble restoration and crystallisation

CM43f - CM50
Nylon gear box for long life, high reliability and quiet operation

CM43f plus - CM50 plus
Steel gearbox for demanding cleaning tasks in extraordinary conditions

The operator can adjust the handle at any of the preset levels for best operating posture

Powerful and heavy-duty motors (up to 2 Hp)

Controlled weight distribution for good balance so that use without causing operator fatigue is ensured

CM43F Plus		430	430	160	230/50	15	430	1100/1500	590 1200 430	40
CM50		500	500	160	230/50	15	500	1100/1500	650 1200 520	40
CM50 Plus		500	500	160	230/50	15	500	1100/1500	650 1200 520	40

The machine is manufactured in compliance with the directives 98/37 CEE, 73/23 CEE, 89/336 CEE and following modification 92/31 CEE, according to the technical regulations EN 60335-1, EN 292.

The steel parts are subject to treatment which guarantees a long life and makes the parts oxidation-proof.

KEY WORDS:

- Machine for industrial use
- Single disc machine with nylon gearbox
- Single disc machine with steel gearbox
- E - Mains-powered machine with voltage value
